

# **MJRA – MISCARRIAGES OF JUSTICE REVIEW ASSOCIATION (PUBLIC)**

## **ABOUT**

The Miscarriages of Justice Review Association (MJRA) is a UK wide association of student-led university projects that investigate alleged miscarriages of justice. The MJRA provides universities with a means to coordinate and delegate their case work. As a member of The Association, universities are able to decide what cases to take on and how to conduct their investigation. However, the MJRA is not a campaign organisation.

If you believe you have been wrongly convicted of a crime and would like a university to review your case please visit section 2. 'Client Information' below.

Alternatively, if you represent a university seeking to join the Association you can find more information under section 1. 'University Membership' below.

Please direct any further queries to [claire.mcgourlay@manchester.ac.uk](mailto:claire.mcgourlay@manchester.ac.uk)

## **THE ASSOCIATION**

Below is the complete list of members of the Miscarriages of Justice Review Association.

If you represent a university and are interested in membership, please go to section 1. University Membership.

If you are an individual who has been wrongfully convicted then please go to section 2. Client Information.

You can download an application form to send to the Miscarriages of Justice Review Centre [here](#).

### **1. UNIVERSITY MEMBERSHIP**

If you are a university wanting to join the Miscarriages of Justice Review Association then please write to or send an email to Professor Claire McGourlay, Principal and National Fellow of the HEA, The University of Manchester, School of Law, Williamson Building, Room 4.22, Oxford Road, M13 9PL.

Email: [claire.mcgourlay@manchester.ac.uk](mailto:claire.mcgourlay@manchester.ac.uk)

You will then hear back from us as soon as possible with more details about the Miscarriages of Justice Review Association membership.

## 2. CLIENT INFORMATION

If you are a wrongfully convicted person and would like your case to be reviewed then you can submit your case to one of the Association members. Try to give the project as much information about your case as possible by filling out this [Client Application Form](#) so that the Miscarriages of Justice Review Association can facilitate the free flow of your information between Association members via its database.

You can find Association member addresses and emails in The Association section above.

Investigating wrongful convictions is a long process with a slow case turnover. The decision to take a case on is at the discretion of the project that you contact and it is advised that you only contact your local projects. If a project chooses not to review your case they will inform you, but they may add you to the database where another project may take your case on.

It is recommended that while you wait for a response you contact an appropriate support organisation below:

### General

- **INNOCENT:** [www.innocent.org.uk](http://www.innocent.org.uk)
- **South Wales Against Wrongful Conviction:** [www.swawc.org.uk](http://www.swawc.org.uk)

### Abuse and sexual offences

- **FASO:** [www.false-allegations.org.uk](http://www.false-allegations.org.uk)
- **PACSO:** <https://pacso.co.uk/>
- **PAFAA/SOFAP:** [www.pafaa.org.uk/wordpress](http://www.pafaa.org.uk/wordpress)

*If you are an organisation that supports wrongfully convicted individuals and would like your organisation added to our client support list then email us at [mjra-national@sheffield.ac.uk](mailto:mjra-national@sheffield.ac.uk)*

## MEMBERS

Please note that you must be a MJRA member to access this information.

To become a member please refer to 'the association' information above.
